A Letter to All Beautiful Minds

Bankim Sardar College is situated in the Sunderbans; one of the most challenging topologies of the mother earth. However the region is latent with caged potentialities – in terms of both natural and human resources – hoping to be unearthed today or tomorrow.

Bankim Sardar College since its establishment in 1955 is transmitting smiles in the Sunderbans and helping its inhabitants to reflect their potential and be inclusive in the national mainstream. During 2017, UGC recognized our potential to serve thousands of families in the Sunderbans and conferred the status of **College with Potential for Excellence**. We are thus committed in bringing out excellence from amongst those who during their childhood had very little opportunity to be excellent.

The teacher-mentors in the college therefore organises the Sundarmon in the Sunderbans every year during Dec or Jan to provide a platform to the students to come out with their potentialities and participate in several student centric activities, deliver and perform and feel “**I can do**”

This year Sundarmon extends beyond the Sunderbans and welcome all Beautiful Minds to come and participate in Sundamon 2019
